

S.A.S.

The Student Assistance Service (SAS) team at Lionville Middle School is a team of specially trained adults who aim at identifying and helping students and their families through a variety of challenging life events. This program is a confidential partnership between students and adults, and addresses concerns that may be affecting student performance or behavior at school. Access the SAS page by clicking on Moodle and logging on as a guest. You do not need a password to access the page. In the search window, type “SAS” or “Student Assistance Service” to find the page.
